

Social Rec & Enrichment (Adult Day)

Day Programs at Curative

Social Rec and Enrichment programs offer a fun, supportive, and safe space for adults with disabilities and aging concerns to spend the day. Led by skilled staff members, programs provide a supervised environment where caregivers can feel comfortable leaving their loved ones for the day. Our staff is equipped to handle personal cares and we have nurses available to provide support.

Each program is designed to encourage social engagement, enhance cognitive and physical wellness, and promote healthy aging. Participants can enjoy a variety of engaging activities, including group and individual options such as physical exercise, games, creative projects, and cooking/baking. Additional highlights include therapy animals, gardening, and outings, all of which help create a vibrant and enriching daytime experience.

Adult Day Services are available at Curative East and our Shawano location.
